How did you feel when you gazed at the starry sky on a calm, clear night? My Nature Book is the perfect place for a child to keep track of all of his or her memories. It's a place to draw and write about your experiences with nature, so you'll remember the sound of the squirrel you heard

My Nature Book is also full of projects and ideas, such as how to make water windows and luminarias, and even how to make yummy peanut butter cookies or banana bread or muffins to take along on hiking trips. There are also lined pages for writing, blank pages for drawing, and numerous activity pages.

In *APPLE (SKIN TO THE CORE)*, Eric Gansworth tells his story, the story of his family—of Onondaga among Tuscaroras—of Native folks everywhere. From the horrible legacy of the government boarding schools, to a boy watching his siblings leave and return and leave again, to a young man fighting to be an artist who balances multiple worlds. Eric shatters that slur and reclaims it in verse and prose and imagery that truly lives up to the word heartbreaking.

Keeping a Nature Journal Charles Edmund Roth 2003-07 From the day it was released in 2000, Keeping a Nature Journal has struck a profound chord among professional, casual, and occasional naturalists of all ages. In response to this groundswell of enthusiasm, we have revised KEEPING A NATURE JOURNAL, updated the interior design, and created a new cover. Undoubtedly the most exciting new element in this second edition is a portfolio of 32 illustrated pages from Clare Walker Leslie's most recent journals, reproduced in full color. What makes KEEPING A NATURE JOURNAL so popular? It is inspiring and easy to use. Clare and co-author Charles Chuck E. Roth offer simple techniques to give first-time journal-keepers the confidence to go outside, observe the natural world, and sketch and write about what they see. At the same time, they motivate long-time journal-keepers to hone their powers of observation as they immerse themselves in the mysteries of the natural world. Clare and Chuck stress that the journal is a personal record of daily experience and the world around us. Nature's beauty can be observed everywhere, whether in the city, suburbs, or country.
